

Pave the Way to a social Entrepreneurship

First, a little bit of context to understand where this project is coming from...

World economic growth and jobs depend on its ability to support the growth of enterprises.

In this regard, entrepreneurship creates new companies, opens up new markets, and gained new skills. The most important sources of employment in the EU are Small and Medium-sized Enterprises (SMEs).

Objectives

This project aims to improve social entrepreneurial skills through specific and user friendly analysis and guidelines and through development of online learning platform, which will **simulate a working business**.

The main objective is to promote **entrepreneurship in Europe**.

- ▶ Improve the quality and relevance of entrepreneurial education through an **innovative approach using non-formal learning tools**
- ▶ Provision of **mentoring tools** to those who wish to become social entrepreneurs

▶ **Strengthen cooperation** between the **organizations** from different **EU countries**

▶ Promote the **development of entrepreneurial skills** through development of specific **guidelines** and **online learning platform**
